Available · full-time or freelance

Anissa B. Le Prunenec.

UX/UI Designer

I design clean, beautiful and intuitive UX/UI for websites and apps, grounded in user needs: flows, wireframes and polished Figma mockups. When needed, I can also build them into the front-end (HTML, CSS, JavaScript).

4+ years of experience

40+ projects delivered

UX → UI from research to final mockups

01 — EXPERIENCE

UX/UI Designer
2024 — present

Leads Studio · lead generation agency

- Designed and built responsive websites for clients across industries.
- Conducted user research and usability testing to guide design decisions.
- Designed UX-focused, conversion-driven landing pages.
- Ran A/B tests to optimise user journeys and conversion.
- Edited videos, designed thumbnails and managed a YouTube channel.

UI/UX Designer · Web Designer
2022 — 2024

Edreams Factory · custom business software

- Designed interfaces for business software: user flows, mockups and prototypes.
- Redesigned client websites.
- Designed a mobile app, from UX to final mockups.
- Designed pages for the company website.
- Partnered with developers to ship every screen exactly as designed.
